School Description

Vision - We guide students in their development to become confident communicators, open-minded collaborators, critical thinkers, resilient problem solvers, and engaged global citizens.

Mission - As a community school, our mission is to bring together and align essential resources to support students and families in a safe, healthy, and culturally relevant environment. We balance a focus on social emotional, creative, physical and academic skills to ensure that our students have all the tools they need to be successful throughout their lives.

Bayside Martin Luther King, Jr. Academy is an TK-8 community school located in Marin City. Located in a beautiful facility completed in 2009, we are blessed with small class sizes, exemplary teachers and strong community support. Our mission statement defines what we are all about: We strive to be compassionate citizens of the world demonstrating confidence, integrity, and academic excellence. As global thinkers, we have pride in ourselves, our knowledge, and our community. We are committed to creating a culture where we connect with our past and voice our desires for our future. We are the dreamers and doers of Bayside Martin Luther King Jr. Academy. We hold the power to enact change and give back to ensure the success of our community.

We provide a challenging curriculum, based on Common Core, a new set of standards developed by the federal government in the hopes of unifying education standards nationwide. Our teachers design interdisciplinary, project-based learning opportunities for our students. Our course offerings include Language Arts, Social Studies, Science, Math, Physical Education, Music, Visual Arts, and Garden. Our teachers provide individualized learning opportunities to our students. Technology is also deeply integrated into the curriculum with 1:1 access to a Chromebook for all students in grades K-8 when needed.

Kindergarten through 8th grade students have a variety of after-school opportunities including the Boys and Girls Club program on campus, and community programs such as Bridge the Gap College Prep and the Manzanita after-school program.

Our students enjoy a wide variety of extra and co-curricular activities. Students participate in sports, robotics club, student council, yearbook, garden club, and extracurricular music and art classes as well as serve as kitchen ambassadors in our school kitchen. Additionally, we have Basketball teams that participate in the local middle school athletic league.

Our Conscious Kitchen meal program provides students with breakfast, lunch, and an after-school snack each day that are organic and non-GMO and created with sustainable, locally grown food. All of the food is prepared on site by school staff.

About the SARC

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Quality, Currency, Availability of Textbooks and Instructional Materials (School Year 2018-19)

We choose our textbooks from lists that have already been approved by state education officials. For a list of some of the textbooks we use at our school, see the Data Almanac that accompanies this report.

We have also reported additional facts about our textbooks called for by the Williams legislation of 2004. This online report shows whether we had a textbook for each student in each core course during the 2015–2016 school year and whether those textbooks covered the California Content Standards.

In December of the 2016-2017 school year the Marin County Office of Education conducted a textbook inventory at our school and reported that a few of our classrooms lacked sufficient textbooks. (Grades K-2 History/Social Studies/Science and Grade 4- Social Studies.) Based on the data we received, textbooks were ordered. Presently, the textbooks on the MCOE Textbook Sufficiency Inventory list have been ordered, received and are in use in the classroom, with the exception of the Kindergarten Science curriculum (Foss Kits), which we are expecting by Friday, Feb. 10, 2017.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

| 2017-18 CAASPP Results for All Students | | | | | | |
|---|--|-------|----------|-------|-------|-------|
| Subject | Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11) | | | | | |
| | School | | District | | State | |
| | 16-17 | 17-18 | 16-17 | 17-18 | 16-17 | 17-18 |

| Math | 16.0 | 27.0 | 38.0 | 44.0 | 37.0 | 38.0 |

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the

total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

| Science | N/A | N/A | N/A | N/A | N/A | N/A |

Note: Cells with N/A values do not require data.

Note: The 2016–17 and 2017–18 data are not available. The CDE is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The CAST was pilot-tested in spring 2017 and field-tested in spring 2018. The CAST will be administered operationally during the 2018–19 school year. The CAA for Science was pilot-tested for two years (i.e., 2016–17 and 2017–18) and the CAA for Science will be field-tested in 2018–19.

Note: Science test results include the CAST and the CAA for Science. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the CAST plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAA for Science divided by the total number of students who participated on both assessments.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

| Grade Level | 2017-18 Percent of Students Meeting Fitness Standards | | |
|-------------|---|--------|--------|
| | 4 of 6 | 5 of 6 | 6 of 6 |

* Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018-19)

Parents have a variety of opportunities to become involved at our school and become an important part of our school culture. They are invited to become room parents to assist in their child's classroom, volunteer as lunch and yard supervisors, help out during lunch by working in the Conscious Kitchen, partnering with teachers in the classrooms, or working from home (preparing class materials).

Additionally, parents can participate in field trips, and home visits when applicable. Parents are further encouraged to participate in all school-wide events, assemblies, and leadership teams such as School Site Council, Community Advisory Committee, and ELAC. Our community members, stakeholders, and business/service organizations support the academic and social development of our students by volunteering at our school as well. We have a strong partnership with many local businesses and agencies who dedicate hundreds of hours per year to our school community.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

School Safety Plan

As safety is our highest priority, we make every effort to ensure that students staff are safe at all times. We require all visitors to sign in and out in the office, and wear visitor badges.

Whenever students arrive at school late or need to leave early, they must be signed in and out at the office. We contact parents when a student is absent in an effort to verify absences. In addition, students must have permission to be outside the classroom and must have a pass in hand when in the hallways.

We hold monthly emergency drills that focus on fire and earthquake emergencies. We also hold regular Lockdown drills. Each room has an emergency backpack filled with provisions in case of a disaster. We utilize the school website, memos, flyers, and the Blackboard Connect communication system to notify parents of all activities and events, including campus safety concerns.

Surveillance cameras are located throughout the main building and outside the premises of the campus. Our campus supervisors carry walkie-talkies to aide in clear, efficient communication as they walk the campus.

The School Safety Plan is currently being revised and will be shared with students and staff. It includes procedures for a wide variety of emergency events and outlines the staff's actions and responsibilities.

* Number of classes indicates how many classes fall into each size category (a range of total students per class).

Professional Development provided for Teachers

2016-2017 - Professional Development has been focused around teachers' need for additional Curriculum training in the areas of Language Arts and Math. Thus, Wonder's and Math Expression Professional Developments were coordinated and provided. Additional trainings include Culturally Relevant Teaching and Learning, with an emphasis on building relationships with a culturally diverse student body. This was provided by Dr. Nancy Dome. P.B.I.S. and Restorative Justice trainings have been ongoing to sustain the school climate and positive behavior.

2017-2018 - Professional Development has focused on trauma informed systems, capturing kids' hearts, integrating culturally relevant material into the classroom, addressing the impact of white bias on student progress and the culture and climate of a school, grades TK-5 Wonders ELA programming, and implementing Writing Workshop in grades TK-8th.

2018-2019 - Professional Development has focused on trauma informed practices, culturally relevant practices, culture and climate based on a PBIS platform, reading and writing workshop and Big Ideas math. All of this work was addressed to grades TK-8.

Types of Services Funded

The Sausalito Marin City School District has developed a Local Control Accountability Plan (LCAP) for the 2016-2017 through 2018-2019 school years that provides substantial investment in resources, staffing and goals. Through significant community input and staff attention, this LCAP sets a solid course for increased student outcomes at Bayside MLK Academy. Those outcomes, both social/emotional and academic, are bolstered by intentional allocation of appropriate staffing and resources toward identified student needs. Without question, this LCAP outlines the fiscal commitment toward improving our school system, in a way that is unprecedented for this District.

Goal One exhibits our commitment to the "whole child" through actions to increase academic achievement and opportunities for personally enriching experiences in the arts, while strengthening supports for social/emotional development and positive relationship development.

Goal Two exemplifies a true commitment to the Community School Model by resourcing positions (Community School Coordinator, Parent Liaison) that will support our students, family, community and staff through coordinated efforts and communication.

Goal Three shows the understanding of the critical nature of communication and partnerships among all members of the learning community. The actions focus on increasing and improving engagement and communication within the school, and between the school and families, community and local businesses.

Goal Four underscores and reinforces our understanding of the need for a safe and healthy school environment. Our commitment to this premise is reflected in our newly formed and highly focused goal that includes physical, social and emotional health of everyone in the learning community.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

The California Department of Education issued guidance to LEAs on August 1, 2018, regarding how to calculate school-level per-pupil expenditures that will be reported on 2018-19 report cards.

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
